COSMETIC TATTOOING

Brow Tattooing

Brows **\$490** Touch Up **\$150**

Ombre, powder brow and combination Tattooing are semi-permanent cosmetic tattooing techniques that deposit ink into the dermis to provide a longer lasting alternative to regular tinting. Brow tattooing lasts up to 18 months & is perfect for clients who want to correct uneven, over-plucked or sparse brows, or enjoy less brow maintenance.

Eyeliner Tattooing

Brows **\$390** Touch Up **\$110**

Eyeliner Tattoo saves time & makes your eyes & face look fresh even when you first wake up! It accentuates your eye shape & colour without the need for traditional makeup.

Note on Touch Ups

The touch up appointment should be done 6 to 8 weeks after the initial appointment, once the pigment sets into the skin. This is an opportunity to add pigment where necessary, make corrections to the pigment shade, & correct the shape.
